1933 - 1948

THE 15TH ANNIVERSARY OF A HORRID FAMINE IN THE
UKRAINE, ORGANIZED BY BOLSHEVIK-COMMUNIST MOSCOW.

In 1948 all Ukrainian people abroad mark the black 15th anniversary of a horrid famine in the Ukraine.

Fifteen years passed, but each Ukrainian still now sees the living pictures of starving villages and cities of the agricultural, abundant Ukraine. We see as if today hundreds and thousands of hungry, swelled Ukrainians, starving and dead, lying at villages, farms, and cities, on cross-roads and in streets . . . The entire Ukraine has been covered with millions of dead, young and old, women, children, babies . . .

We see as if today the odious 1933rd year. About 8 millions of Ukrainians died then from hunger.

Who was guilty of this 20th century terror?

The communist, the red, blood-soaked R E M L I N, the communist dictators from the C P Central Committee.

They, cannibals of the 20th century, had robbed all Ukrainian bread and sent it to the Moscow insatiable dictator, having condemned to starving the whole Ukrainian population in order to force Ukrainian peasants enter the odious slave collective farms.

On this black anniversary we apply with prayers to the L O R D, and with the request to the civilised world:

Help the struggling Ukraine, yoked by communists, to be liberated! Look there, where blood is shed today, where thousands and millions of Ukrainians perish in sovjet concentration camps of Siberia, Ural, Kolyma, and Transbaykal. Look at the Ukraine, struggling now for her liberation under colours of the heroic U P A!

Do remember: the Ukraine is today victim of communists barbarism; to-morrow it may become the whole world!

Million Ukrainian victims perished from hunger in 1933 call up the Ukrainian people and the whole world to the struggle against communist imperialist usurpers for freedom and happiness, for the Christians truth!

We are praying to T H E E, oh L O R D, and believe to be heard and helped by T H E E as well as by the free world.
